Dear Medicaid Provider Applicant:

Thank you for applying for certification with the Wisconsin Medicaid program. Once you are a Medicaid provider, you will play a significant part in improving the health of low-income people in your community.

Enclosed are the certification materials you requested. Please review these materials carefully. These materials must be completed and processed before you may become a certified provider for the Wisconsin Medicaid program and begin receiving payments.

Upon certification as a Wisconsin Medicaid provider, you will receive the All Provider Handbook containing general instructions for all providers. In addition, you will also receive publications relating to the specific services you will be providing. These publications will identify the services covered by the Medicaid program and will describe Medicaid billing procedures. After reading those materials, if you have additional questions, we encourage you to use provider services. These services include both telephone and on-site assistance. If you are interested in using these services, please contact the Provider Services Unit addresses and telephone numbers listed in the All Provider Handbook.

We realize that all providers appreciate prompt payments, so we encourage providers with computers to submit claims electronically. This method reduces clerical errors and decreases turn around time. If you are interested in electronic submission of claims and would like more information, including the free software, please contact (608) 221-4746, or indicate your interest in electronic billing by completing the form in your certification materials.

Thank you, again, for your interest in becoming a certified Wisconsin Medicaid provider and for the important services that you will provide to Medicaid recipients. If you have any questions about enclosed materials, please contact the Wisconsin Medicaid Correspondence Unit at (608) 221-9883 or toll-free at 1-800-947-9627.

Sincerely,

A handwritten signature in cursive script that reads "Mark B. Moody".

Certification Effective Date

Wisconsin Medicaid regulations are followed when assigning your initial effective date as described here:

1. The date you notify Wisconsin Medicaid of your intent to provide services is the earliest effective date possible and will be your initial effective date **if**:
 - You meet all applicable licensure, certification, authorization, or other credential requirements as a prerequisite for Medicaid on the date of notification. Do not hold your application for pending licensure, Medicare, or other required certification. Wisconsin Medicaid will keep your original application on file. Send Wisconsin Medicaid proof of eligibility documents immediately once available for continued processing.
 - Wisconsin Medicaid receives your **properly completed certification** application within 30 days of the date the application was mailed to you.
2. If Wisconsin Medicaid receives your application more than 30 days after it was mailed to you, your initial effective date will be the date Wisconsin Medicaid receives your correctly completed application.
3. If Wisconsin Medicaid receives your incomplete or unclear application within the 30-day deadline, you will be granted one 30-day extension. Wisconsin Medicaid must receive your response to Wisconsin Medicaid's request for additional information within 30 days from the date on the letter requesting the missing information or item(s). This extension may allow you additional time to obtain proof of eligibility (such as license verifications, transcripts, other certification, etc.)

4. If you don't send complete information within the original 30-day deadline or 30-day extension, your initial effective date will be based on the date Wisconsin Medicaid receives your complete and accurate application materials.

Notification of Certification Decision

Within 60 days after Wisconsin Medicaid receives your completed application, you will be notified of the status of your certification. If Wisconsin Medicaid needs to verify your licensure or credentials, it may take longer. You will be notified as soon as Wisconsin Medicaid completes the verification process.

If you are certified to provide Medicaid services, you will receive written notice of your approval, including your Wisconsin Medicaid provider number and certification effective date.

Notification of Changes

Your certification in Wisconsin Medicaid is maintained only if your certification information on file at Wisconsin Medicaid is current. You must inform Wisconsin Medicaid in advance of any changes such as licensure, certification, group affiliation, corporate name, ownership, and physical or payee address. **Send your written notice to Wisconsin Medicaid Provider Maintenance.** This notice must state when these changes take effect. Include your provider number(s) and signature. Do not write your notice or change on claims or prior authorization requests.

Failure to notify Wisconsin Medicaid of these types of changes may result in:

- Incorrect reimbursement.
- Misdirected payment.
- Claim denial.
- Suspension of payments in the event provider mail is returned to Wisconsin Medicaid for lack of current address.

Provider Agreement Form

Your agreement to provide Medicaid services must be signed by you and the Wisconsin Department of Health and Family Services. This agreement states that both parties agree to abide by Wisconsin Medicaid's rules and regulations.

The agreement is valid for a maximum of one year. All Provider Agreements expire annually on March 31. The Department of Health and Family Services may renew or extend the Provider Agreement at that time.

You cannot transfer, assign, or change the Provider Agreement.

The application includes two copies of the Provider Agreement. Complete, sign, and return both copies. Type or clearly print your name as the applicant's name both on the line on page 1 and on the appropriate line on the last page of the agreement. You must use the same provider name on the application forms and Provider Agreement. When the certification process is complete, you will receive one copy of your processed and signed Provider Agreement. The other copy will be kept in your Wisconsin Medicaid file.

Terms of Reimbursement (TOR)

The TOR explains current reimbursement methodologies applicable to your particular provider type. It is referenced by, and incorporated within, the provider agreement. Keep the TOR for your files.

Certification Requirements

The Wisconsin Administrative Code contains requirements that providers must meet in order to be certified for Wisconsin Medicaid. The code and any special certification materials applicable to your provider type are included as certification requirements.

Publications

Along with your notice, Wisconsin Medicaid will send one copy of all applicable provider publications. The publications include program policies, procedures, and resources you can contact if you have questions.

Many clinics and groups have requested to receive only a few copies of each publication, rather than a personal copy for each Medicaid-certified individual provider in the clinic or group. If you are an individual provider who is a member of a Medicaid-certified clinic or group, you may reassign your copy to your clinic or group office. Please decide if you wish to receive your personal copy of Medicaid publications or if it is sufficient for your Medicaid-certified clinic or group office to receive copies.

If you do not wish to receive personal copies of Medicaid publications, please complete the attached “Deletion from Publications Mailing List Form.” If you wish to have your copy of publications reassigned to your clinic or group, also complete the “Additional Publications Request Form.”

HEALTHCHECK SCREENER AND CASE MANAGEMENT PROVIDER (FORMERLY KNOWN AS EPSDT) TERMS OF REIMBURSEMENT

The Department will establish maximum allowable fees for all covered HealthCheck screening and case management services provided to Wisconsin Medicaid program recipients eligible on the date of service. The maximum allowable fees shall be based on various factors, including a review of usual and customary charges submitted to the Medicaid, the Wisconsin State Legislature's Medicaid budgetary constraints, and other relevant economic limitations. Maximum allowable fees may be adjusted to reflect reimbursement limits or limits on the availability of federal funding as specified in federal law.

Providers are required to bill their usual and customary charges for services provided. The usual and customary charge is the amount charged by the provider for the same service when provided to non-Medicaid patients. For providers using a sliding fee scale for specific services, the usual and customary charge is the median of the individual provider's charge for the service when provided to non-Medicaid patients.

For each covered HealthCheck service or procedure, the Department shall pay the lesser of a provider's usual and customary charge or the maximum allowable fee established by the Department. Medicaid reimbursement, less appropriate copayments and payments by other insurers, will be considered to be payment in full.

The Department will adjust payments made to providers to reflect the amounts of any allowable copayments which the providers are required to collect pursuant to Chapter 49, Wisconsin Statutes.

Payments for deductible and coinsurance payable on an assigned Medicare claim shall be made in accordance with Section 49.46(2)(c), Wisconsin Statutes.

In accordance with Federal regulations contained in 42 CFR 447.205, the Department will provide public notice in advance of the effective date of any significant proposed change in its methods and standards for setting maximum allowable fees for services.

Applicable Provider Type(s): 19, 20, 21
22, 45, 66

Effective Date: April 1, 1991
Renewed: March 2001

HEALTHCHECK PROGRAM OVERVIEW

The HealthCheck (also known as EPSDT) Program delivers preventive health services to MA eligible children to improve their health status. The services are provided under Wisconsin's Medicaid program and consist of a physical exam, health history, diagnosis and necessary treatment, as well as continuing preventive services.

The Central Notification System is designed to meet Federal Informing requirements. The county Social Service Agencies meet face-to-face informing requirements by distributing the HealthCheck Informing letter to all newly certified and reinstated Medicaid program clients under age 21 years, and caseheads with children under age 21 years.

Central Notification System (CNS)

The annual notification requirements are met by the CNS monthly mailing of informational materials to a selected subset of MA clients inviting them to participate in the program. Clients may elect to receive HealthCheck services from their family physician or, if none is available, from their local outreach and case management provider, and may request assistance by a telephone call to the HealthCheck "hotline."

Recipients who are referred by the HealthCheck telephone "hotline" shall be screened within 60 days of their request, unless the recipient refuses services. Recipients with screening referrals should have referrals satisfied within 60 days of the date of screening.

The CNS records all client requests for services and distributes their names and addresses to the appropriate local HealthCheck Screening and Outreach and Case Management Provider.

Recipients who request transportation assistance may be referred to their county Departments of Social Services, or other local resource. County Departments of Social Services must provide transportation assistance when requested.

The referrals for necessary diagnosis and treatment services shall be provided by the screening agency, as specified in Wisconsin Administrative Code HFS 105.37(2)b.3. All children beginning at age 3 years should be referred to a Wisconsin Medicaid program dentist unless they report dental care during the previous 6 months where a dentist is available.

HealthCheck

HealthCheck is Wisconsin's Early and Periodic Screening Diagnosis and Treatment Program (EPSDT). It is comprehensive preventive health screening for children through the age of 20 who are on Medicaid. HealthCheck calls for early and periodic screenings. The maximum number of comprehensive screens allowed is based on recommendations from the American Academy of Pediatrics:

- | | |
|---|-------------------|
| ➤ Birth to first birthday | 6 screenings |
| ➤ First birthday to second birthday | 3 screenings |
| ➤ Second birthday to third birthday | 2 screenings |
| ➤ Third birthday to twenty-first birthday | 1 screen per year |

Comprehensive Screening Examinations

A provider must assess and document all the following components for Wisconsin Medicaid to recognize it as a HealthCheck screen:

- ✓ A comprehensive health and development history
- ✓ A comprehensive unclothed physical exam
- ✓ An age-appropriate vision screen
- ✓ An age-appropriate hearing screen
- ✓ An oral assessment plus direct referral to a dentist beginning at age three
- ✓ Appropriate immunizations, and
- ✓ Appropriate laboratory tests

HealthCheck “Other Services”

Wisconsin Medicaid must pay for medically necessary medical services to “correct or ameliorate a physical or mental condition,” identified through a HealthCheck screen, even if that service is not normally covered. In Wisconsin, we call this HealthCheck “Other Services.” Wisconsin

Medicaid has anticipated several potential areas of service that may be needed to meet this requirement, including intensive in-home psychotherapy, adolescent day treatment, certain dental services and otherwise non-covered over-the-counter medications.

Prior authorization is necessary for most of these services. They must meet all the following criteria:

- √ The child must have received a comprehensive HealthCheck screening within one year prior to the request.
- √ The service must be allowed as a medical service.
- √ The service is medically necessary and reasonable.
- √ The service not a covered service under the current Medicaid program.
- √ The requested service may be approved only if no covered service is appropriate to treat the condition.

How to Become a HealthCheck Provider

Medicaid-certified primary care physicians a certified pediatric nurse, or family nurse practitioner are automatically certified for HealthCheck. Other physician specialties, physician assistants and nurse practitioners are encouraged to request certification as HealthCheck providers. Public health agencies and certain other providers, where physician supervision is available, may apply for certification as a HealthCheck agency. Interested applicants may write to Wisconsin Medicaid, at the address below, to obtain application materials:
